

IMPORTANT VISITOR SECURITY INFORMATION

Dear Visitor

The owners of this property, the Spanish Home Zone team and the local Neighbourhood Watch (Vecinos Cooperando) - in co-operation with the local police and town hall - would like to draw your attention to some basic security measures to enable you to have an enjoyable and trouble-free stay on the Costa Calida.

- 1 Keep your gates, doors and security grills shut and locked if you are not actually in the room or even if you are on the terrace or patio.
- 2 Keep wallets and handbags out of view, as it only takes a thief one moment to step inside to take them or to "fish" them out through the grills.
- 3 When out of the house - IF YOU DON'T NEED IT, DON'T TAKE IT. Be especially careful at Street Markets - all of which have pickpockets.
- 4 Do not leave handbags casually on seats in bars and cafes. Put one leg through the strap and place them between your ankles or knees.
- 5 Keep your car doors locked at all times. When parking, check that the windows are properly closed and bags, suitcases or items that appear to be valuable are not visible.
- 6 Be wary of strangers asking for directions, especially in Supermarket car parks and at Cash Points. In these situations thieves usually work in teams, so be alert at all times - DISTRACTION is their game. If you are in a car, lock the doors and try to drive away. Sound the horn if you feel threatened.
- 7 Do NOT take valuables to the beach. REMEMBER IF YOU DON'T NEED IT DON'T TAKE IT.
- 8 Use only licensed taxis, they display a Town Hall permit saying "licencia n_...." And an OFFICIAL TAXIMETER easily visible. Illegal taxis are uninsured and have not been inspected for safety.
